Resolved, That we approve of the platform of principles adopted by the National Democratic Convention. It pattern in no double sense—its language is explicit and its meaning clear—the issues presented to the country are plainly and unmistakably defined, and, with a free and fair election, we confidently believe they will be endorsed by a large majority of the people—and with that endorsement must come such a change in the administration of the National Government as will restore the Constitution and give peace, harmony and prosperity to the country, and especially to the down-trodden States of the South.

Resolved, That it is our earnest desire and intention to bring about these wholesome and necessary changes by the peaceful means of the ballot-box—and all efforts to produce a contrary belief coming from what quarter they may, are but the tricks of interested partizans of a desperate political faction, bent upon perpetuating its power by any means and at all hazards. They are attempting to alarm the people of this State by the false cry of revolution and war, threatening them at the same time with military force; while, in other States of the South they have not hesitated to take from the people the election of electors of President and Vice President, and to confer it upon Legislatures, the members of which were elected under military rule without freedom of choice and with no regard to the question of the Presidency, in order to secure the electoral votes of such states for the Radical candidates, in disregard and defiance of the just rights of the people of such states, and of the whole country.

Resolved, That it is our frank purpose now, and has been since the close of our late civil war, to accept and abide by, in good faith and without disturbance, the legitimate fruits and consequences of that war; to yield to the Government of the United States a cheerful submission and allegiance, and to perform all the obligations of good citizens to their rightful Government. And we do proclaim that in asking recognition on terms of equality in that grand copartnership of States which constitutes our Federal Union, we do so with no hostile intent, on the contrary, we wish to share its benefits and its duties; to rebuild our waste places under the protection of its flag; to re-establish the old era of good feeling in our common country; to thwart the designs of unpatriotic men everywhere, who seek to perpetuate discord and division; and to participate in the blessings, as well as the burdens, of the government.—*Resolutions adopted by the State Democratic Convention of North Carolina, Aug. 14, 1868.*

LEGISLATIVE ADDRESS.

To make good the false and groundless charge against the Conservatives and Democrats of North Carolina, that they declare that the present State government "must be overthrown by force of arms, immediately after the election this Fall," the address proceeds to give what it calls "proof" of it's correctness. A more puerile and demagogical attempt to mislead the public mind was never made.

Its "proof" may be summed up as follows: That the Conservatives and Democrats of North Carolina rejected the President's policy, by rejecting the Constitution of 1865—that they rejected the Howard amendment and thus rendered the Reconstruction Acts of Congress necessary—that they are still disposed to disturb the public quiet, because they do not quietly submit to Congressional Reconstruction: which simply means the surrender of every principle of civil liberty, guaranteed by the Constitution in the rights of the States, a quiet submission to the new doctrine of negro equality, negro office-holding, negro law making,—in a word, negro supremacy, where they are in the majority!! And because the respectable people of North Carolina are not contented with this utter overthrow of the rights he longing to the white voters, who, under the Constitution, constitute the State, therefore, they are told by the scallawag, carpet bag and negro signers of the address, that they are refractory and turbulent, and mean to bring on a war!! Was there ever such impertinence!

The address attempts the proof of the foregoing assertion, thus: First, because Andrew Johnson, in his proclamation, speaks of the present Governor, as the man "who writes himself Governor," and because he reaffirms his former position, that the governments formed under the reconstruction acts are illegitimate, and of no validity whatever; secondly, because the platform of the National Democratic Convention asserts that "the Reconstruction acts were usurpations and unconstitutional, revolutionary and void; thirdly, because Gen. Blair, before the meeting of the Democratic Convention, being requested to say whether he would accept the nomination for the "Vice Presidency," said, in his reply, that the governments formed under the Reconstruction acts were null and void and must be overthrown; fourthly, because Gov. Worth declined to vacate the office of Governor to Holden, until he was ordered to do so by the military, and that he then vacated under protest, which the Conservative press and people approved; fifthly, because the late North Carolina Democratic Convention endorsed the nomination of Gen. Blair for Vice President.

Now, fellow citizens, these are *all* the proofs which this Legislative address parades to sustain the charge, that *the Conservatives and Democrats of North Carolina declare that the present State government "must be overthrown by force of arms, immediately after the election this Fall."* We have said that the address asserted a lie, a falsehood, knowing it to be false. It has attempted to prove its assertion, and every one must see with what utter failure! We expected, when we first read the charge, that the authors of it might be able to produce the declaration of *one* hair-brained, crazy Conservative or Democrat, to sustain it. But it utterly fails to give any thing like proof. It is a naked assertion—an unblushing lie, without evidence or proof to sustain it.

The address shows, what we do not deny, that the Conservatives and Democrats of North Carolina are not in love with Congressional reconstruction—that they regard the entire attempt of Congress as unconstitutional, as seriously infringing and violating the reserved rights of the States,—as opposed to the personal rights and liberty of the citizen,—that they submit to them only as a necessity, until the unconstitutional and invalid governments, which Congress has forced upon us, can be legitimately and peaceably removed,—but it has failed to present a scintilla of evidence, that any North Carolinian, much less the Democratic party in North Carolina, has ever said a word about *"overthrowing the State government by force of arms, immediately after the election this Fall!"* And yet this monstrous lie goes forth over the signatures of eighty-eight Radical members of the General Assembly! The proofs presented so utterly fail to give the slightest support to the monstrous charge, that they are wholly unworthy of notice.

We, however, notice one of the "proofs," which, by the way, has furnished the entire stock of electioneering matter to the Radical party, North and South. We mean the WAR extract from Gen. Blair's letter. It is *this* that has knocked Judge Pearson's, Mr. Boyden's and Mr. Bynum's *quasi* conservatism into a cocked hat. These and a few timid Conservatives (or rather those whose hostility to Democracy has been so lolled down, that it will never leave them, even to allow them to be Conservative,) overlook entirely the noble Conservative platform of the National Democratic Convention at New York; the bold and able Conservative letter of Gov. Seymour, and the Conservative letter of Gen. Blair *accepting* the nominations, none of which breathe anything but peace, peace, and yet they go into fits over a letter of Gen. Blair's, written in reply to the question whether he would accept the nomination for the Presidency, as the address says! That letter, and the one written after the nominations, are both characteristic of the man.—They are both frank and have no concealments, no policy, no trimming. Suppose he had written more cautiously, and we wish he had; the Radical newspapers and orators would have been without a topic during the campaign. The whole canvass on that side, though *fast* enough, would have been without a *point*.

In that letter, Gen. Blair, after discussing the usurpations of the Congress and the unconstitutionality of the reconstruction acts and their results, says: 'If the President elected by the Democracy enforce, or permit others to enforce, the reconstruction acts, the Radicals, by the admission of twenty spurious Senators and fifty representatives, will control both branches of Congress, and his administration will be as powerless as the present one of Mr. Johnson. There is but one way to restore the Government and the Constitution, and that is for the President elect to declare these acts null and void, compel the army to undo its usurpations at the South, disperse the carpet-bag State Governments, allow the white people to reorganize their own governments and elect Senators and Representatives." Now this is a mere opinion of Gen Blair, and, after all, though as a matter of *policy* imprudent, is a very harmless matter.—It was uttered before his nomination by a highly Conservative Convention, not as its first choice for President, but for the Vice Presidency, and being required to stand on a Conservative platform. We can see no WAR in this! Suppose you admit the correctness of Gen. Blair's arraignment of Congress and its acts, as set forth in that letter. Suppose you admit, as Gen. Blair contends, that the entire reconstruction policy of Congress was a usurpation, was carried out in direct conflict with and in opposition to the Constitution, and was forced upon the Southern people by the force of arms, without a shadow of authority. Would you not say that its acts were revolutionary, unconstitutional and invalid, or would you say that its acts are *"extra-constitutional,"* and, *therefore*, according to Judge Pearson, not unconstitutional nor invalid?—You could hardly fly to that subterfuge! Would you not say, in the language of General Blair, that when the people restore the Constitution and the government to its wonted position and vigor, the government must undo the mischief it did—the unconstitutional, revolutionary acts which the Congress, usurping all the powers of the government, did? Can the Constitution and the government be restored until the government shall undo the wrong, the unconstitutional, invalid acts it has done? It was a bloodless revolution resulting from those revolutionary acts. It deprived *the people*, those known as such by the Constitution, of their rights, liberties and franchises, and, by force of arms, bestowed them upon those who before were not a people, not a nation, according to the Constitution. All this was done without blood, without war. Why may not the government undo its wrongs without war, without bloodshed? But all this talk, of what Mr. Blair has said, lacks everything of proving "that the Democrats of North Carolina intend to overthrow the State government by force of arms, immediately after the election is over this fall." In the first place the Democratic people of North Carolina have never said a word about taking up arms to remove the State governments, nor thought of it. They have thought of accomplishing nothing but at the ballot box. It is plain, they could not have thought of doing anything on Gen. Blair's plan. That plan depends for its success, first, upon the election of a Democratic President; secondly it could not begin to be carried out until after the fourth of March next; and thirdly, he must then think with Gen. Blair and be sure he could do something before attempting it. But the address has it, that the Conservatives and Democrats of North Carolina have determined to remove the State government by force of arms, immediately after the election this Fall!! What a stretch of credulity must the authors of the address possess, to suppose that any could believe so monstrous a lie, without a particle of evidence!

THE RADICAL JUDICIARY!

Let the people see and know what Radicalism and "carpet-baggers" have done already for the Judiciary of this State: The Chief Justice, for some reason, has become the ernest advocate of the Radical candidates for President and Vice-President; he writes a long, illogical, insincere letter in the interests of the Radicals, to humiliate and degrade the people who honored him in better days. One of the Associate Justices made a public address to a Radical celebration, four fifths of which were negroes, in this city, on the 4th of July last, and it was publicly given out that he was to lead in the Radical celebration in this City. The other Associate Justices participated furiously in the late canvass and now openly avowing their devotion to Radicalism; most of the Circuit Judges participated violently in the late canvass and now openly proclaim their Radicalism. One of them, the other day, at Greensboro', told the Grand Jury that he was a party man and always expected to be, and proved the truth of what he said by adjourning the Court and haranguing a mixed crowd of whites and negroes. The Radical paper in this city openly boasts that all the Judges, but one or two, at most, are Radical partisans.—Four fifths of these Judges are notoriously incompetent, and one of them recently, when drunk, made an indecent and disgraceful exposure of himself. Much evil was anticipated from Radical innovations and misrule, we did not suppose it would so soon, in North Carolina, debase and degrade the Judicial ermine; but so it is, at this early day, before three months are passed under the Radical government, the Judiciary are become, with some honorable exceptions, a blight and curse to the people, a by-word for decency and a laughing stock for the legal profession.

The dignity, the decency, the honor of the Bench are gone! Who would care to be a Judge now? Pie what a mockery! What *worse* than a mockery! What a *crime* against the learning, dignity, honor and glory of the past!! Will not the legal profession, as one man, rise up, and, in vindication of the past, rebuke such prostitution of honorable position and places!—North Carolinians! look upon your Judiciary and hang your heads in shame!! *Radicalism did it.*

SIXTH CONGRESSIONAL DISTRICT.

We learn that a Radical Convention of delegates from this District met in this City, on Wednesday. A Committee on the subject of a nomination for Congress was appointed, with instructions to report on yesterday.

Meanwhile, Hon. Nathaniel Boyden was telegraphed, and the result was that, on yesterday, the Convention determined against bringing out a candidate,—Mr. Boyden being considered a good enough Radical for them.

All right. Mr. B is now *knotted*, and he will be beaten by a larger majority than he was elected by, when he claimed to be a Conservative.

DEWEESE AND McDONALD.

We learn that the Radical delegates of this Congressional District met in this City on Wednesday, to nominate candidates for Congress and for Elector. There were several aspirants for Congressional honors.—The delegates adjourned on Wednesday to meet on Thursday morning, upon the plea that they could not get a quorum. We learn, however, that it is probable that the true reason was, that James H. Harris, the colored competitor of Deweese, was found to be too strong; so the meeting was deferred to Thursday, at a time when it was known a number of Jim's colored friends would be absent,—being obliged to return home on the first cars.

The delegates met on Thursday and nominated Col. Deweese, for Congress, and Jno. A. McDonald, of Chatham, for Elector.—The nominations will give general satisfaction to the Democrats.

MAINE.—The Radical majority in this State is much less than was at first estimated. Some how or other, the Associated Press dispatches have become Radicalized, and their first reports must always be received dubiously. It turns out that, notwithstanding the tremendous efforts of the Jacobins to sustain themselves in Maine, notwithstanding the vast sums of money poured into the State for this purpose, notwithstanding the industry and unscrupulous energy of a vast army of Radical State and Federal office holders, the Jacobins have lost more than one-third of their majority, and the Democracy have won a glorious triumph.

Gen. James Shields, the veteran Irish soldier, is the Democratic candidate for Congress in the Independence (Missouri) District, and is stumping it.

RADICAL SPEECHES.

We have, in another place, given due credit to the colored people, in attendance at the mass meeting, bating the noise and confusion of the occasion, for better behavior than could have been expected, in view of the inflammatory speeches made by several individuals. Speeches were made by "Gov." Holden, Gov. Hawley, Pilgrim Ashley, Lewis P. Olds, Esq., and Col. Deweese; and Col. Billy Clarke, a late convert to Radicalism, was announced to speak, but we have not heard whether he "delivered" or not. Of the characters of *these* speeches we know nothing, and, therefore, say nothing. No decent white man could be procured to report for us,—none being willing to be mixed up in such a crowd.

Various colored speakers, on Wednesday night, addressed the crowd from the steps, near the Washington Monument, on the Capitol Square. These were of a piebald character,—some for peace and others for war. J. H. Harris made his usual speech with the addition that, if the Democratic landholders refused to employ the negroes, because they voted the Radical ticket, he would go for retaliation—not by fire and sword, but by establishing pauper villages in every county, to be supported by taxation on the landholders. This met with general applause.

On Wednesday, at the gathering on Burke Square, after Gov. Holden had proposed to the crowd to repair to another stand to hear the speech of Gov. Hawley, we are told that Joseph W. Holden rode up, called to the remnant of the crowd of blacks and proceeded to address them in a very excited manner. A reliable young man, who was standing near, informs us that, as he advanced in his violent remarks, he told the blacks, "I do not address you as Joseph W. Holden, but in the name and spirit of an inspired *prophet*. Go to the polls, armed with guns, pistols and bludgeons and vote." He indulged in various threats and imprecations, and implored the "*God of turpentine* to shower down torrents of flames upon the dwellings of the rebels."

A colored man, whose name we have not heard, in a violent address to the colored people, told them if Seymour and Blair were elected, the Radical party "*would not allow them to take their seats!*" We simply note these extravagancies as evidence of the blister and incendiarism of the Radical leaders. Timid women and children may be disturbed by such violence, but *men*, who are men, are not alarmed.

At Col. Deweese's house, on Wednesday night, after he had made a talk to the crowd, one of the Marshals came forward, and hoped that the *gentlemen* were not too tired to hear from Gen. Martindale, "Major General of the Eastern Division." The "General" came forward, and a friend, who was near enough to hear him, furnishes us the following almost *verbatim* report of the speech. The General said: "Gentlemen, you see before you, ur'er, a genuine carpet-bagger. Gentlemen, ur'er, and gentlemen I will. Gentlemen, I am a laboring man, ur'r, and I will protect laboring men.—Ur'er, gentlemen, I will tell you an anecdote. Once, ur'er, in my county, ur'er, a bob-tailed aristocrat called three of his former slaves. Come Tom, Jim and Jack; we are all on the same platform and we will all vote together. And, ur'er, gentlemen, I will tell you another anecdote. A man in my county, ur'er, courted a gal and when he popped the question, she told him "No!" (Immense applause.) Now, gentlemen, I know you are tired and sleepy. I thank you for your attention, and for the flattering manner in which you have called for me." (Unbounded applause.)

A GOOD ILLUSTRATION.

Hon. T. A. Hendricks, of Indiana, the Democratic candidate for Governor, in a speech of great soundness and force, in showing the importance of harmony and good feeling between the North and the South, and the advantages of reciprocal trade between the South and Northwestern States, gave the following happy illustration:

"The sweetest lesson of our religion is to be found in the parable of the Prodigal Son. That son, you recollect, became tired of the best home in the world, and wandered off to seek his fortune among strangers. Seceding from the paternal roof, soon poverty and hunger came upon him, and he concluded to return. If that father, who "saw him away off," had been a Radical, what would he have said? "There comes my rebellious son! He thinks I will let him come back upon the same terms as the rest of the boys and girls. No, no!"

That father, as described to us in the parable, was not a Radical. He opened his arms and welcomed him as he saw the erring boy return, and as he stepped into that house, peace, love and happiness returned. There was a Radical in that family, though. That other boy, as soon as he saw his brother coming, commenced growling, and did not want the returning prodigal admitted. I ask you, as Christian men and citizens, do you think we can build our institutions upon the bad passions of hatred, revenge and jealousy—passions that come up from the dark caverns of hell?"

FLORIDA.—The condition of this poor State is represented as absolutely frightful. Under the late act of the Legislature the Governor is empowered to arm negroes at his discretion as a secret police.

All of this is to be done privately, so that the people of the State do not know who are the secret spies of the government, where they are, how great is their force, or their plans against the rest of the community.

Such measures as these put us in mind of those adopted by the despots of Europe, and there is nothing worse in the history of lawless power, whether under Robespierre or Nicholas. Such attempts show that there are no means to which tyranny will not resort under any sort of government.—Especially are they revolting to all who boast of that Saxon blood, which revolts at every act of a government of a concealed nature. The American people has always boasted that its laws are carried out openly, in the face of day, without spies—above all, armed spies—and worse of all, armed negro spies. It has been reserved to a Radical government to show that it will resort to a system so un-American in all its features, so worthy of the despotism of Austria or of Russia. How long will the Northern people stand this burning disgrace upon the name of America!—*Norfolk Journal.*

For the Sentinel.

MASS MEETING IN HERTFORD.

A meeting of the citizens of Hertford, Bertie and Gates Counties was held at Winton, on the 12th inst.

Col. Samuel B. Spruill addressed the assembly in a few introductory remarks, adverting to the present condition of the country, our duty as citizens, and the necessity of prompt and united effort to meet the active combinations of our political enemies.

The meeting was then regularly organized by the appointment of Wm. D Pruden, Esq., Chairman, and J. A. Delke, Secretary.

Judge Barnes then entertained the body in a speech of nearly two hours, setting forth the chicanery and duplicity of the Radical party. His remarks were characterized by patriotic feeling, love of the Union, as it was, and a disposition to award equal justice to all.

He touchingly animadverted to the spot on which he spoke, as the arena of his maiden effort, in the palmy days of the past, and how that, later, unwilling to prostitute his office to party spirit, he had determined not to soil the ermine of his profession, and had consequently been ejected from the high position of honor and trust he had sacredly guarded, because he disdained

"To crook the pregnant hinges of the knee,
Where thrift may follow fawning."

He advised all, in the event of the election of Grant and Colfax, to submit quietly and peaceably, to give them a fair trial; but if Seymour and Blair, after being duly elected, should be resisted with arms—then, and not till then, should force be resorted to, to maintain our rights.

He warned the people, of the evident tendency, on the part of the opposition, to a monarchical form of government, with a military leader, who possessed no claim to distinction, other than that of a warrior; that the Republican party were preparing for war by distributing arms, but that, in his opinion, enough blood had been spilled—enough tears shed.

In announcing himself as the candidate of the Democratic Conservative party to represent them in the 1st. Congressional District, he congratulated his friends on the recent division in the Republican ranks in their late Convention at Edenton, and the consequent putting forth of two candidates. Even should one be withdrawn, the seeds of disunion were already sown, which, he trusted, would result in the discomfiture of of either French or Cobb.

After dinner, Capt. Jno. Gatling, legislator from Gates, was called to the stand. He responded in a short address, in which he drew a graphic and revolting picture of the men and measures of the recent Legislature, mainly composed of scallawags, carpet-baggers, and negroes. He recognized Gen. Littlefield as the head of the best wing of the Radical party; but that there was a *woman—imperium in imperio*—whose influence in the Legislature was more potent than even money, and that, on the whole, in his opinion, the negro was the most respectable element of the mongrel party.

Dr. P. T. Henry, of Bertie, next addressed the body for three fourths of an hour, in an earnest and patriotic speech. He was proud to say that he had ever been, as now, a Union man, and that his interests and feelings were identified with the Democratic Conservative party—the future hope of the country. He showed the folly and falsity of the charge that the Conservatives were aiming to rebuild the secession fabric—that the great question now at issue was, should the white man or negro rule the government.

He set forth the injustice and impolicy of the plan proposed by the Radicals to postpone the payment of the national debt for forty years, and making it finally payable in specie, thus largely increasing the debt.

He also adverted to the heavy tax entailed on the people for the support of the Bureau officials, and closed by some finishing touches to the Legislature portrait drawn by Capt. Gatling, making hideousness still more hideous.

James L. Mitchell, Esq., followed in an animated address of nearly an hour, interspersed with apposite and humorous illustrations. He congratulated his friends on the fortunate extinction and conversion of several of the Bertie Rads.

He called attention to our present condition as a State—that after all the humiliating concessions to which we had submitted from a love of peace, instead of being back in the Union we were chained at the feet of a military despot, and that our political sky was blackened by the clouds not of disunion, but of monarchy.

He mercilessly dissected, as did other of the speakers, the politico judicial letter of Judge Pearson.

The Hon. W. N. H. Smith, though at a late hour of the day, responded to the repeated calls of his fellow-citizens, in a short but fervent address. He drew a forcible contrast of the principles of the two great political parties—on the one hand, open avowal of sentiment and public discussion—on the other, the midnight secrecy of the oath bound leaguers; the one, the peace party—the other, the disturbers of the peace—prophets of a threatening war being nursed in their own bosoms against us, destitute of the means of successful resistance.

He contrasted, also, the two candidates for the Presidency. Grant, a political chieftian and only such. Seymour, an immaculate patriot, a man of irreproachable public and private character, and a christian gentleman.

On motion, the Secretary was instructed to forward a copy of the proceedings of the day to the *Sentinel* for publication.

Good order and interested attention characterized the meeting, which resulted in the hopeful conversion of several semi-Rads.

WATAUGA.

BOONE, N. C., Sept. 11, 1868.

Editors of the Sentinel:—Quite an enthusiastic meeting of the Conservatives and Democrats, of Watauga, was held in the Court House, at Boone, on the 8th. inst.

G. W. Bradley presided as Chairman and D. B. Dougherty as Secretary. Appropriate resolutions were adopted, fully endorsing the platform of the National Convention, at New York, and the nominations of Seymour and Blair for President and Vice President. The meeting was addressed by the Chairman with a very effective speech, and, also, by W. F. Shull, Esq., and others.

After which, a Seymour and Blair Club was organized, with the following permanent officers: G. W. Bradley, President; D. B. Dougherty, Vice President; D. P. Mast, Recording Secretary; Col. Wm. Horton and Maj. H. Bingham, Corresponding Secretaries; J. B. Todd, Treasurer.

Seymour and Blair Clubs are being organized throughout the county. Watauga, though last, shall not be least, in her efforts to secure the election of Seymour and Blair.

DEMOCRAT.

The question in the South Carolina Senate is, "is a carpet-bagger as good as a negro?" At last accounts the negro was a little ahead.

Look Out for the Rogue!

A MULATTO, passing "WHITE PLAINS," on Tuesday, the 15th, caught and rode off a Horse belonging to my wife.

The Horse is a LIGHT CHESTNUT SORREL, with flax mane and tail—the tail long and heavy, but recently cut at the tip; he has a small star in his forehead, a white spot on his left hind foot, a scar on his left fore knee and a white spot under the mane on his right withers. He is a trotter and when travelling droops his head.

A liberal reward will be given for any information that will lead to the recovery of the horse or the apprehension of the thief.

BARBECUE NEAR NEW HOPE.—A complimentary Barbecue will be given to Hon. Sion H. Rogers, by his old friends, in the vicinity of New Hope Church, in Wake County, six miles North of Raleigh, on Saturday, the 26th. inst. Able speakers may be expected.

NIGGER AS GOOD AS A HORSE.—We learn that Gov. Holden's *stables* were used for the sleeping accommodation of the negroes in attendance upon the Fetich Convention.

QUERE?—The Capitol was illuminated from top to bottom, on Wednesday night, while the war dance was progressing.—Wonder if the expenses will be paid for by a warrant on the State Treasury, as was the party celebration on the 4th. of July?

THE last seen of Bro. Whitson, at the barbecue, on Wednesday, he was making to the rear with a bucket full of *collards*. He got his rations, certain.

THE CONGO WAR DANCE.

We stated, on yesterday, that we would have been glad if every white man in Western North Carolina, and, if possible, every white man North of the Potomac, could have been in this city, on Tuesday and Wednesday, to have seen the material of which the Radical Mass Meeting was composed and the disgusting scenes which transpired. We have estimated the number of negroes present at 5,000, and the number of scallawags and carpet baggers at between seventy-five and one hundred. We are certain that this estimate is if anything, an exaggeration with regard to the number of blacks. Four thousand would probably be nearer the proper figure.

While we are disposed to give the mob which was here, all due credit for abstaining from actual demonstrations of disorder or violence, (a fact attributable mainly to the circumstance that white people kept within doors and allowed the negroes to have the streets to themselves,) the hideous imprecations, oaths and drunken yells, with which they rent the air, day and night, resembled more the orgies of Pandemonium than anything else of which we can conceive. Our ladies and children were kept in a continual state of apprehension by the horrid noises on the streets, and it was, to all law-abiding and peaceably disposed men, a fearful reflection, that this mass of ignorant and semi barbarian negroes had been filled with the most incendiary hate of the white people of the South by unprincipled adventurers and degraded native renegades.

The scenes at the Capitol, on Wednesday night, beggar all description, in their combination of the humorous and the ludicrous. A mass of yelling, cursing negroes filled the beautiful grounds, and swarmed in the various rooms and offices of the building, while dancing, speaking, shouting and grotesque and Ashantee performances ran riot. Up stairs, an antiquated darkey was making a "stump speech," standing in the Chair of the Speaker of the House of Representatives, while below, another, dressed in a garb of motley rags, was preaching a sermon to the great edification of a surrounding audience, who shouted and groaned alternately, as the Fetich performance progressed. As the hour waxed late, these poor creatures disposed themselves for sleep in every part of the Capitol. The Senate Chamber was filled with negro women lying on the floor or reclining in the chairs—a negro, with a bludgeon, acting as sentinel at the door, to keep off amorous colored swains,—while the steps leading from the first floor, and the first floor itself, were literally filled with recumbent negroes, *packed like sardines*. This is a true picture,—horrible though it may appear. And thus was the proud *Capitol of North Carolina* converted into a VAST NEGRO DORMITORY! Would, again we say, that the white men of Western North Carolina could have seen all this. Still later in the night, after the rain set in, almost every porch and sheltered corner in the city might have been seen filled with negro men and women, huddled together asleep in heaps, to wake up the next morning cold, shivering and hungry, and make their way on foot, in the mud, homewards,—and all for Radicalism, and that a few carpet baggers may use them to get office!

It is to be hoped that many of these deluded negroes left sadder and wiser men!—We hear of *white* men, at all events, who have heretofore acted with the Radical party, who say that this *does* was too much for them, and that they are done with the concern.

Taken altogether, a more farcical failure never took place than this negro Radical Mass Meeting, and the several thousand dollars said to have been expended upon it by the spoolers might as well have been used in distributing Democratic campaign documents.

GRAND MASS MEETING.—One of the grandest Mass Meetings of the campaign will come off at Lexington, on the 8th. of October. All men of all parties are cordially invited. The meeting will be addressed by Hons. Z B. Vance and A. S. Merrimon, Ralph. Gorrell, Esq, and others. At night, there will be a grand procession, on foot and horseback, with transparencies, torches, flags, rockets, &c. The procession will be addressed, at different points, by Hon. James R. McLean, Maj. W. M. Robbins, Thos J. Wilson, Esq, and other distinguished orators. The whole will close with the ascension of two large balloons.—All the Seymour and Blair Clubs of the county will be present in full force and take part in the procession.

ANOTHER NEGRO OUTRAGE.—A large number of negroes assembled at Long's Ferry, just opposite the town of Halifax, on Saturday morning, and endeavored, to take possession of the boat,—the private property of Col. Jno. J. Long,—and to cross without the payment of the regular fare charged for passengers. The Roanoke *News* says:

"This procedure was of course objected to, and the aid of the civil authorities of Northampton was called into requisition, and the negroes ordered to desist from such an attempt. Several white men aided Constable Burgwyn in the endeavor to prevent the negroes from doing this violence to private property, but the latter became enraged, resisted the officers, and, pulling one of them from his horse, were in the act of beating him, when they were stopped by one of their number, who brought them to reason in so far that the whites were allowed to escape from the unequal contest with their lives.

This is the procedure of the "law and order" party—this is a nut for "Governor" Holden to crack, and one step towards bringing about the conflict which he so much desires to advance the cause of Radicalism. Send down your "tail" mehsh, Mr. Holden, and let your pets have a taste of bayonets and bullets."

IN ERROR.—The *Sentinel* of last Saturday states that the Hon. Z. B. Vance had visited Halifax to speak at a public meeting. Gov. V. passed here on Friday last *en route* to Norfolk. He is invited to speak to the citizens of this county on the 15th of October, and it is confidently hoped he will make it convenient to be with us at the grand mass meeting on that occasion.—*Roanoke News.*

RADICALISM ON ITS LAST LEGS!

"JUDGE TOURGEE."

Acting as one of the Marshals in the Negro Procession.

AN AMUSING WHIPPER.—There is an old and wise couplet:

'Lest men suspect your tale untrue,
Keep probability in view."

We have not seen yesterday's carpet bag paper. But we understand that it sets down the number of negroes in Raleigh, on Wednesday, at

FIFTY THOUSAND,

and says that the procession was

FIVE MILES LONG.

This has put the community in good humor, and the carpet bag men deserve thanks for *that*, at all events. Everybody we see is laughing at this ludicrous and silly falsehood. Why not make it a *million and forty miles?* That would have been quite as easy.

The length of Fayetteville Street is about half a mile. The procession, in double ranks, extended about one half the length of that street,—no more.

From this specimen, everybody can estimate the veracity of the Radical organ. It lies with exactly a *ten magnifying* power.

WE HEAR universal regret expressed that the tambourine man from Harnett, who so fascinated "his Excellency" on the 4th. of July, was not present at the Congo War Dance. The void was painful, but his absence was partially compensated by the Johnston county man, whose sword measured just five feet in length, and whose commands were only equalled by those of Ames, the carpet bagger. "*Now*, boys," said the latter, as the procession filed past the Yarborough House, "here is Col. Heaton; you ain't cheering him. Can't you give him *just* one? Come, now, boys, just one!—Hip—hip!"

GIVE IT UP.—The few Radicals hereabouts are much mortified at the failure of the Mass Meeting. Not one hundred white men from abroad were in the city. They give it up, now, that the State is certain for Seymour and Blair.

SOLDIERS' AND SAILORS' CONVENTION.—We learn that Tim Lee's Convention, with this pretentious title, designed as an auxiliary to the Congo War Dance, consisted of twenty-five negro soldiers and about twenty whites. How many were *sailors* and how many soldiers, is not known.

NOT A scallawag or carpet-bagger joined in the Congo War Dance. What few there were in town *had* while the processions were parading the streets. The darkeys are down on them for this. They say these white fellows don't "show their faith by their works."

"JUDGE" WATTS' hung jury have been carted back to Warrenton. He has expressed his regret at his ignorance of the law, and will try to do better next time.

David Naar, editor of the Triest in *True American*, one of the most sagacious observers in the States, concludes that the Presidential election will be decided as follows by the electoral vote:

Seymour.		*Grant.*

TROOPS EN ROUTE FOR TENNESSEE.—We are informed that two regiments of infantry and one of cavalry, coming from the post of Charlotte, N. C., were yesterday transported over the Danville railroad to Burkeville, where they will take the Southside road to Lynchburg, thence by the Virginia and Tennessee road to Bristol. This is in accordance with the order of the Secretary of War, published in our issue of yesterday. How are you, reconstructed Tennessee? Look out, Ku Klux!—*Rich. Enquirer.*

What is the matter with Charles Sumner? He did not make his usual speech to the Radical Convention of his own State, nor has he said a word publicly in favor of Grant, whom he once pronounced a whitewasher. Possibly if Grant were of the colored persuasion the Senator might think more highly of his "whitewashing" abilities.

FROM WASHINGTON.

WASHINGTON, Sept. 17, M.

An unofficial statement of Brownlow's proclamation, regarding the militia of Tennessee, is published. It is merely preliminary, and urges the formation and enrollment of companies so as to respond promptly to his call. He desires to draw the bulk of the militia from East Tennessee. Thus, it is suggested, having a sectional, as well as a partizan, militia.

The doubt of a quorum, on Monday, increases.

MONTGOMERY, Sept. 18, P. M.

The Legislature did nothing to-day. Both Houses adjourned early, and the Republicans went into a secret caucus to decide what course to pursue on the registration question.

A large number of them are opposed to registration and desire to have no election in November.

FROM GEORGIA—THE LEGISLATURE.

ATLANTA, Sept. 17, P. M.

The Senate took up the message of the Governor, regarding the action of the Senate declaring the seats of colored members vacant.

The Governor protests against the action of the Senate, as unconstitutional and in opposition to the spirit of the Convention which formed the State Constitution under the reconstruction acts, claiming that electors are judges of the qualifications of persons elected to represent them—assuming that if all male inhabitants of the State had a free voice and place in the state government the majority would keep it in harmony with the National administration; and where all enjoyed equal and civil political rights, there could be no just cause for dissatisfaction.

The House passed, by a vote of 101 to 19, a substitute to the Jury Bill, which places Grand and Petit Juries on the same footing. It permits none but intelligent and upright persons to sit on juries, and excludes *negroes* from the jury box.

SENSIBLE APPEAL FROM A COLORED MAN OF CHATHAM.

To My Colored Brethren:—I take this opportunity of informing you that I have quit the League and joined a Seymour and Blair Club, and would urge you all to go and do likewise. Mr. Joe Holden told us here the other day, to stick together until after the election and then we might divide like the white folks used to—thus showing he only wanted our votes now, and then we might get along the best we could. I was born here, raised here, and expect to die here, and therefore wish to live friendly with my neighbors, with those who are kind to me. If we get in trouble, if we get sick or crippled, who will help us? Will it be the carpet-baggers who have been run away from their homes and are now trying to get ours? No, it will be our white Conservative friends. If you are sick, will you send to Massachusetts for a doctor or for medicine? If you do, you will die certain. These carpet baggers have nothing in common with us, they *know nothing about us*, and only are trying to get into power over our backs and then ruin us. The Radicals tax us so heavily, and then pretend to be our friends. They tax our sugar, coffee, tobacco, calico, matches, in fact everything, so that we can hardly buy enough to get along with, and then tell us they are our friends. How follow after these carpet baggers and make enemies of our white friends, who will take care of us, when these carpet baggers fly away to another place, for you know they are just like buzzards flying all about for something to prey upon?

I have been abused and cursed for quitting the League, but I am a free man and will act like a free man. While I was in the League I was not a free man, but was compelled to do what the League said. Is that freedom? I joined the 19th Ohio Regiment in Sherman's army to fight for my freedom, and am not going to let the League or anybody else take it away from me. I joined the League in April, 1867, because I thought it was for the good of my country, but I was fooled, and deceived, like a great many other true men; and now let them do as I have done. To show how much I was thought of by my League friends, they elected me President of the League about three weeks ago; so you see, my friends, I was as strong as any one, and deem it my duty now to warn you of your danger, and implore you to stand with those who will prove your true friends, through thick and thin.

COLUMBIAN COLLEGE, WASHINGTON, D. C.

THE SESSIONS OF THE SEVERAL Departments open as follows:

The PREPARATORY, September 9th; the COLLEGIATE, September 23rd; the THEOLOGICAL, October 7th; the LAW, October 14th; and the MEDICAL October 19th.

This College was organized with a reference to the oft urged suggestion of WASHINGTON that a University, at the Federal Metropolis, would tend to the examination of the principles, opinions and manners of our countrymen, by the common education of a portion of its youth from every quarter." Its graduates have verified the expectations of Madison and Monroe, that the facilities of hearing debates in Congress, arguments in the Supreme Court and Lectures from eminent men, and of visiting Libraries and Collections in science, gathered at this centre, would foster a comprehensive mental development.

The Preparatory School gives a thorough training for business, and preparation for College. The College proper has eight efficient Professors; all the Chairs being filled. The Theological school has three Professors and Lecturers; the Law School four, and the Medical ten. The expenses are as low as at other Colleges — Number of students the past year, 424. VEGETABLE PILE OINTMENT.

TO THE PUBLIC.

FOR 25 YEARS I was sorely afflicted with the Piles. After trying every remedy I could hear of and failing to receive any benefit, in 1857, I discovered a remedy, purely vegetable, which effected an entire cure, and I have had no return of it.

Anxious to relieve the afflicted and to promote my own benefit, I made public my discovery and had the gratification to know that my remedy cured a large number of persons. My ointment was advertised in the public prints and I met with great success, until the war came on.

By the advice of friends, I have determined again to manufacture the OINTMENT and offer it for sale. Any number of certificates of its value could be obtained if necessary.

Price of box $1, and postage, (fifteen cents.) As soon as I can make arrangements, I will put it in the hands of the druggists of the State.

THE NATIONAL DEMOCRATIC CONVENTION!

THE PLATFORM.

"The Democratic party, in national convention assembled, reposing its trust in the intelligence, patriotism, and discriminating justice of the people, standing upon the Constitution as the foundation and limitation of the powers of the Government, and the guaranty of the liberties of the citizen, and recognizing the questions of slavery and secession as having been settled, for all time to come, by the war or the voluntary action of the Southern States in constitutional conventions assembled, and never to be renewed or re-agitated, do, with the return of peace, demand:

First.—Immediate restoration of all the States to their rights in the Union, under the Constitution, and of civil government to the American people.

Second.—Amnesty for all past political offences, and the regulation of the elective franchise in the States by their citizens.

Third.—Payment of the public debt of the United States as rapidly as practicable; all moneys drawn from the people by taxation, except so much as is requisite for the necessities of the Government, economically administered, being honestly applied to such payment, and where the obligations of the Government do not expressly state upon their face, or the law under which they were issued does not provide that they shall be paid in coin, they ought, in right and in justice, to be paid in the lawful money of the United States.

Fourth.—Equal taxation of every species of property according to its real value, including Government bonds and other public securities.

Fifth.—One currency for the Government and the people, the laborer and the officeholder, the pensioner and the soldier, the producer and the bondholder.

Sixth.—Economy in the administration of the Government; the reduction of the standing army and navy; the abolition of the Freedmen's Bureau (great cheering) and all political instrumentalities designed to secure negro supremacy; simplification of the system and discontinuance of Inquisitorial modes of assessing and collecting internal revenue, so that the burden of taxation may be equalized and lessened, the credit of the Government and the currency made good; the repeal of all enactments for enrolling the State militia into national forces in time of peace; and a tariff for revenue upon foreign imports, and such equal taxation under the internal revenue laws as will afford incidental protection to domestic manufactures, and as will, without impairing the revenue, impose the least burden upon and best promote and encourage the great industrial interests of the country.

Seventh.—Reform of abuses in the Administration, the expulsion of corrupt men from office, the abrogation of useless offices, the restoration of rightful authority to and the independence of the executive and judicial departments of the Government, the subordination of the military to the civil power, to the end that the usurpations of Congress and the despotism of the sword may cease.

Eighth.—Equal rights and protection for naturalized and native born citizens at home and abroad; the assertion of American nationality which shall command the respect of foreign Powers, and furnish an example and encouragement to people struggling for national integrity, constitutional liberty, and individual rights; and the maintenance of the rights of naturalized citizens against the absolute doctrine of immutable allegiance and the claims of foreign Powers to punish them for alleged crimes committed beyond their jurisdiction.

In demanding these measures and reforms we arraign the Radical party for its disregard of right, and the unparalleled oppression and tyranny which have marked its career. After the most solemn and unanimous pledge of both Houses of Congress to prosecute the war exclusively for the maintenance of the Government and the preservation of the Union under the Constitution, it has repeatedly violated that most sacred pledge, under which alone was rallied that noble volunteer army which carried our flag to victory.

Instead of restoring the Union, it has, so far as is in its power, dissolved it, and subjected ten States, in time of profound peace, to military despotism and negro supremacy.

It has nullified there the right of trial by jury; it has abolished the *habeas corpus*, that most sacred writ of liberty; it has overthrown the freedom of speech and the press; it has substituted arbitrary seizures and arrests, and military trials and secret star chamber inquisitions for the constitutional tribunals; it has disregarded in time of peace the right of the people to be free from searches and seizures; it has entered the post and telegraph offices, and even the private rooms of individuals, and seized their private papers and letters without any specific charge or notice of affidavit, as required by the organic law; it has converted the American capitol into a barrie; it has established a system of spies and official espionage to which no constitutional monarchy of Europe would care to resort; it has abolished the right of appeal on important constitutional questions to the supreme judicial tribunal, and threatens to curtail or destroy its original jurisdiction, which is irrevocably vested by the Constitution, while the learned Chief Justice has been subjected to the most atrocious calumnies merely because he would not prostitute his high office to the support of the false and partisan charges preferred against the President. Its corruption and extravagance have exceeded anything known in history, and by its frauds and monopolies it has nearly doubled the burden of the debt created by the war. It has stripped the President of his constitutional power of appointment even of his own Cabinet. Under its repeated assaults the pillars of the Government are rocking on their base, and should it succeed in November next, and inaugurate its President, we will meet, as a subjected and conquered people, amid the ruins of liberty and the scattered fragments of the Constitution; and we do declare and resolve that ever since the people of the United States threw off all subjection to the British Crown, the privilege and trust of suffrage have belonged to the several States, and have been granted, regulated, and controlled exclusively by the political power of each State respectively, and that any attempt by Congress, on any pretext whatever, to deprive any State of this right, or to interfere with its exercise, is a flagrant usurpation of power which can find no warrant in the Constitution; and if sanctioned by the people will subvert our form of government, and can only end in a single centralized and consolidated Government, in which the separate existence of the States will be entirely absorbed, and an unqualified despotism be established in place of a federal union of co equal States; and that we regard the reconstruction acts (so called) of Congress as usurpations, and unconstitutional, revolutionary, and void; that our soldiers and sailors, who carried the flag of our country to victory against a most gallant and determined foe, must ever be gratefully remembered, and all the guarantees given in their favor must be faithfully carried into execution.

That the public lands should be distributed as widely as possible among the people, and should be disposed of either under the pre emption or homestead laws, and sold in reasonable quantities, and to none but actual occupants, at the minimum price established by the Government. When grants of the public lands may be allowed necessary for the encouragement of important public improvements, the proceeds of the sale of such lands, and not the lands themselves, should be so applied.

That the President of the United States, Andrew Johnson, (applause,) in exercising the power of his high office in resisting the aggressions of Congress upon the constitutional rights of the States and the people, is entitled to the gratitude of the whole American people, and in behalf of the Democratic party we tender him our thanks for his patriotic efforts in that regard."

NEW YORK.

THE

UNIVERSAL

LIFE INSURANCE COMPANY,

NEW YORK.

Office, No. 69, Liberty Street.

The Original Joint Stock Life Insurance Company in the United States.

The business of this Company is EXCLUSIVELY confined to the insurance of first-class healthy lives.

THE DISTINCTIVE FEATURE

of the STOCK system of Life Insurance, as opposed to the MUTUAL, is a low rate of premium for a stated sum assured, which is IMMEDIATE, SECURED, and CERTAIN; in lieu of a high rate of premium for a promised dividend which is DISTANT, CONTINGENT, and UNCERTAIN; this so-called dividend being merely a return of a portion of the excessive and unnecessary premium charged in the first instance.

ILLUSTRATION.

Suppose that an individual aged thirty desires to devote $200 a year for the purpose of effecting an insurance on his life; this amount will immediately secure him in the "Universal" the sum of $11,751, payable on his decease. This sum, paid to a Company charging the ordinary mutual rates, would secure him the sum of $8,474.

The difference between these sums ($3,277) is exactly the same as an immediate bonus or addition to the policy to be paid by the former office to the holder of the policy in case of the early death of the insured. It is true that if the insured, in an office charging high rates, *live long enough*, and have his periodical dividends added to his policy, the sum may equal or surpass that above named; but it must not be forgotten that the *chance of early death* is the very thing the applicant desires to insure against, and consequently the greater the sum immediately secured, contingent on this event, the greater the advantage to the policy-holder.

To illustrate the importance to the policy-holder of low premiums in more general terms, it may be stated that by a reduction of *twenty-five* per cent in the rate of premium, the same amount of money will secure a policy *thirty-three and one-third* per cent greater and likewise that a reduction of twenty-five per cent. in the rate of premium is precisely equivalent to an annual cash *dividend of thirty three and one-third per cent, payable in advance*, or to a dividend of *forty-five per cent*, payable at the end of five years.

By the Stock plan the *full cash effect* of the premium is *immediately* secured to the insured, the Company taking *all* the risk. By the *Mutual* plan, the full value in insurance of the premium paid is *not* secured to the policy-holder, who takes a portion of the risk himself.

NON-FORFEITING CASH RATES

OF THE

ÆTNA LIFE INSURANCE COMPANY,

OF HARTFORD, CONN.

ASSETS, $10,000,000

$130 to pay every 100 of Liabilities.

DIVIDEND, Fifty per Cent.

57,000 Members, and constantly increasing.

DESCRIPTION OF POLICIES.

First.—Whole Life Policies.

Second.—Endowment Policies, for terms of ten, fifteen, twenty, twenty-five, thirty, and thirty-five years.

AGES.

Insurance will be granted at all ages from fifteen to sixty years.

PREMIUMS.

Premiums are payable annually during the continuance of the insurance, or annually during a period of five, ten, fifteen, or twenty years within the insurance term; or by single payment.

DIVIDENDS.

All Whole Life and Endowment Policies, issued at the published rates, will participate in the surplus from the date of issue.

The dividends will be declared and paid annually upon the contribution plan, and may be applied as the assured shall elect, either to reduce future premiums, or to increase the Cash Value of the Policy.

If no election be made, the dividends will always be added to the Cash Values.

When, by adding the dividends to the Cash Value, the accumulations on any Policy shall have become sufficient to keep the same in force for its *full amount*, without further payments, the assured may at his option, either continue payment of premiums—and enlarge thereby the annual additions to its Cash Value—or discontinue them; and in either case, when the accumulations shall have become equal to the sum insured, the annual dividends on the Policy will be declared as a percentage of said sum, and *paid in cash*, and upon surrender of said Policy the sum insured thereby, will be paid in *full*, without regard to the time fixed therein for its payment.

This system of applying the dividends is peculiarly advantageous to the assured, securing, at an increased age, not only relief from further payment of premiums, but, at the same time, an annual income until death, unless he shall have previously received full payment of the Policy.

Dividends on paid-up Policies—that is, Policies which require no further payment of premium to continue them in force for the original amount of insurance—will be paid in cash upon demand.

NON FORFEITURE RULES.

No Whole Life or Endowment Policy, on which two or more annual cash premiums have been paid, shall be forfeited by failure to make further payments, as stipulated therein but will continue in force for the full amount which the Cash Value and dividends then accumulated, will purchase—taken as a single net premium upon the "Actuaries" rate of mortality and four per cent. interest; and the amount continued in force will generally exceed the aggregate of the payments actually made, extra charges excepted.

No Whole Life or Endowment Policy shall be forfeited by an exposure of the assured life in violation of the conditions expressed therein, unless death shall occur under or in consequence of such exposure, when the full Cash Value of the Policy, together with all accumulations from dividends, will be paid upon its surrender.

INCREASE OF INSURANCE.

Applications to increase the sum insured on any life will always be considered as applications for new insurance, and, therefore, no increase of insurance will be granted unless the unimpaired condition of the assured life shall have been proved by medical re-examination.
